

## S1 pressroom solutions

### PRODUCT BROCHURE

Discover the difference Fujifilm can make to your print process.

**PRESSMAX**

A total solutions provider

Reduced production cost

Optimised productivity

Excellent print quality

Reduced environmental footprint

# Do you want to go the green way?

Of course you do! In today's printing market, productivity and cost efficiency are key factors for successful printing houses. At the same time reducing the environmental impact is essential for the whole industry. Driven by regulations and legislations, you as a printer, have to look after much more than just your daily print job. Fujifilm, being one of the leading solution providers in the graphics industry, can support you with an unparalleled experience in environmental topics and eco-friendly products. For this purpose we have developed an S1 series, or Safety First products both for the environment as for the print operator. Without compromising on the performance of the products within the whole offset process.

## Find out about environmental solutions in founts, washes and auxiliaries.

FOUNTS		
COLDSET		
FountMax Green 10.40 S1	Fast start-up, stable ink water balance	Safety label free, VOC level below 0,1 %
FountMax Green 10.90 Q7	pH neutral, fast start-up, low water settings	Fast drying, reduced build up and therefore minimised need to wash the blanket
FountMax Green 10.70	Extreme fast start-up, low water settings, suited for printing half web	Results in low ink settings
HEATSET		
FountMax Red 20.90 AF	Suited for FUJIFILM PRO-V and unbaked plates	IPA-free printing, VOC free product
FountMax Red 20.21 AF	Reduced ink-feedback and minimised blanket piling	IPA-free printing
FountMax Red 22.21 AF	Strong buffer capacity, suited for hard water quality	IPA-free printing
FountMax Red 22.70 AF	Reduced blanket piling and strong buffer capacity	IPA-free printing
SHEET-FED		
FountMax Blue 30.41 XtraDry	Fast start-up, reduced ink feedback, stable ink-water balance	IPA-free printing, cobalt free drying additive
FountMax Blue 30.70 S1	Fast start-up, strong buffer, stable ink-water balance	Safety label free
WASHES		
COLDSET + SHEET-FED		
WashMax 100.70 MI	Flashpoint 100°C, fast and stable emulsion with water, excellent cleaning power	VOC level below 0,1%
WashMax 100.60 FI	Flashpoint 100°C, fast separating emulsion with water, excellent cleaning power	VOC level below 0,1%, for filtration
WashMax 100.80 ME	Microemulsion with excellent cleaning power	NON-VOC
HEATSET		
WashMax 100.40 BIO	Outstanding cleaning capacity	VOC level below 0,1 %, very low consumption, high dryer safety
AUXILIARIES		
MULTICLEAN 2010	Multipurpose cleaner with excellent cleaning power	Solvent free
PRO RUN	Drastically reduced piling and increase run length	Reduced paper waste, Safety label free, VOC-free
WATER MINERAL S1	Rehardener for optimum water conditions	Safety label free
XtraMax Systemcleaner F15	Fountain circulation system cleaner	Reduced waste due to low foam and optimised pH level
XtraMax Water Flow S85	Protective additive for water used in automatic washing devices	Reduced restart waste, improved cleaning power
