### Windows 10 OS & FUJIFILM ASK Printers

---

FUJIFILM Tokyo has informed us that the latest Windows 10 operating system is not yet compatible with any of the FUJIFILM ASK Printers as there are no printer drivers currently available.

All current drivers are available to download from:

<https://www.fujifilm.eu/uk/support/photofinishing/downloads>

As soon as we receive updated drivers for Windows 10 we will update the website.

If you would like further information, please do not hesitate to contact us:
