Every photo is worth printing!

On the lookout for something special, we often miss the beauty of the little everyday moments we think are simple. It's time to capture those unique moments, get them on paper and share them with your family, friends - and the whole world!

In keeping with the motto "**Celebrate the everyday!**", about 16,000 people from all over Europe have sent us their photos. We are showcasing these personal little moments at our **@inspire printing** exhibition.

Let yourself be inspired.
